

Violett & Blue - Rev 02

Same setting

(both toasting with wine)

V: "to us and our 5 year friendship"

B: "Best friends Plus!" [B enjoying the look of V] "since you know almost everything about me"

V: "Oh yeah ... if I had your sexlife I wouldn't have that much time for you but thats fine with me I really enjoy our time .. Plus?" [V positivly surprised]

B: [lauging] "haha ... one more reason - we're on one wavelenght you knew what I ment ...Right, what about you...?" [avoiding answer]

V: "Me? Plus too... wait.. what? ..."

B: "HAha... really...? good to know" [looking straight into V's eyes and smiles] "... do you mind, we do something special today? Like, no clue... truth or dare / truth or drink... but not the usual stuff... "

V: "not the usual stuff?"

B: "You know.. like .. call him or her .. recieve the pizza naked.. did you ever I would like to keep it more between us... "

V: "mmh.... sounds interesting..."

B: "but one thing has to be clear... whatever the fact ... just the naked truth!"

V: "phew.. shouldn't be that hard, just look at us ... " [laughing]

B: "V! serious... but yeah, we're not that far of... you just need to go a bit more blank... "

[B pulling one side of V's top down]

V: "I guess we need more wine and we will be fine"

B: "how poetic... didn't know you have that in you"

V: "oh there's more..."

B: "Is there... Now you get me curious..."

V: "seems there are some things you could play for"

B: "For sure there is ... Now I wanna play even more.. with you!"

V: "But what about me... do you think there is something in my interests, too?"

B: "If you are honest with me... I'll do the same to you ... in every way you wish"

[V gulping]

V: "In every... [gulping] .. I wish.. give me that glass"

[V taking a mouthful]

B: "So what about me? let's drink to new truths we are taking"

V: "to our inner truths"

B: "So tell me something more poetic... "

V: "Don't laugh! Not long ago just a casual moment .. I saw a beautiful being standing in front of the mirror just with pants and a wide shirt, more revealing than covering and suddenly out of nowhere she started to undress her shirt and time just stopped, so that I could fly with my eyes over her entire body, her silhouette, every inch of her and she barely moved It was like minutes until her shirt was pulled over the shoulder and I barely couldn't breath. I could see past her and see her upper body was exposing ... more and more skin. I was almost suffocating through the blood rushing through my eyes and as the shirt fell all the miles down to the ground she turned around to me with such a beautiful smile ... [V biting her lips] .. I almost came .. "

*[V seems to dream... and B taking her time to relive V's tale through her own eyes
just stunned how beautiful V is..]*

V: "now its your turn"

B: "Wow... you really got me there I can't even come close to that .. "

V: "Its fine ... I wanna know about you in your own way.. what really blow your mind.."

B: "Blow my mind... laughs.. I can work with that"

V: "B... seriously! It was you saying nothing but honesty"

B: "I am.. I can tell you it was one of the most tense and satisfying moments I experienced... It's so simple that it makes me sound crazy ... I was just laying and there was something at my mouth and it tasted so sweet [liking her lips].. and as it could read my mind while I opened my mouth and it slid in me ... nothing more.. not touching, stupid blow me and shit .. It felt so good I almost instantly came and not only me and it went all down my throat... " [B taking her hand between her legs and pulling them together to hold herself back] .. "I'm sorry V ... but this still drives me crazy"

V: "I will certainly not complain... those emotions suit you ... I like it ... give me another story"

[V enjoying the view of B a little horny... which is making her wet]

B: "Once I was totally bound ... defenseless .. and it was pulling my ass up and it was sliding in it .. right when I wanted to yell it felt so good I tried to raise my ass even further to get more.." [B starting to breathe more heavier] " I never thought that kinda climax would be so thrilling .. and there is so much more possible ... only the mind is setting the limit ... now its your turn and it's better turning you on the same way..."

V: "Oh it is..." [V moves closer to B.. slightly ... V closing her eyes so that she just not proposes to B] "... its not that pleasurable like yours but speaking of feeling... If I imagine being close to her just makes my heart go faster, smelling her and even see her having intense feelings making me crazy ... see her having any sorts of fantasies that turning her on makes me wanting more .. Just watching this desire drives me nuts .. strange isn't it?"

B: "... strange... not at all ... this just sounds beautiful .. such a passionate dedication ... I wish I could wake something like this ... "

V: "I wasn't asking for another story for no reason... "

B: ".. So you are saying you're attracted to me? .. Did I say that out loud? But we wanted to be honest... maybe its a bit wine'y but I really like the thought ... "

... this is getting way to long ...
